KAMA[®]2023

KOREAN AMERICAN MEDICAL ASSOCIATION

**48TH ANNUAL SCIENTIFIC CONVENTION
SEPTEMBER 22-24 • RADISSON BLU AQUA CHICAGO**

INVITATION

Dear Industry Colleagues,

The Korean American Medical Association (KAMA) is proud to announce our 48th Annual Scientific Convention to be held on September 22nd through September 24th at the Radisson Blu Aqua hotel in Chicago, Illinois. For nearly half a century, KAMA's focus on medical excellence and innovation, continued education, mentorship and community engagement has bonded the Korean American physician community across the country. Our annual convention brings together national and international leaders to celebrate our association's legacy of achievements and excellence in medical advances in academia, research, and scholarship. This year, we are honored to feature Dr. Jesse Ehrenfeld, President-elect of the American Medical Association (AMA) as our keynote speaker along with many prominent national and internationally renowned physicians and physician-scientists as part of our program and audience.

Industry Partners and technical exhibits are an important part of our meeting's success. KAMA, a member of the AMA's Specialty and Service Society (SSS), provides a unique opportunity to network across multiple specialties across the medical field at a single event. We invite you to be a part of this important endeavor with your generous support. Sponsorship levels and recognition opportunities are described in the enclosed information, and we would welcome speaking with you to explore additional opportunities to participate in this event.

Thank you for your consideration and we look forward to working with you.

Jennifer I. Lee, MD
President, KAMA 2023

Chester Koh, MD
Chair, Board of Directors

PARTNERSHIP OPPORTUNITIES

MAXIMIZE YOUR IMPACT THROUGH SPONSORSHIP. The Korean American Medical Association (KAMA) offers industry sponsors an opportunity to reach clinicians on the latest techniques and products across a broad spectrum of medical specialties and conditions. The focused meeting environment is ideal for businesses dedicated to delivering products and services that support a wide array of conditions. This unique forum will allow you to interact with clinician's eager to learn about new technologies and innovations that aim to improve patient care and outcomes in both the inpatient and ambulatory settings.

Corporate functions may not be held concurrently with official symposium/congress' scientific or social functions. Any function, regardless of size and location, must be approved by the course's industry relations department.
