KAMA President's Welcome Letter

JENNIFER I. LEE, MD

*Assistant Dean, Program Development and Operations,
Weill Cornell Medical College*

*Vice Chair, Quality and Patient Safety (QPS) &
Associate Professor of Clinical Medicine*

NewYork-Presbyterian/Weill Cornell Medicine

Dear KAMA Members, Colleagues and Friends,

I am so grateful to you, the KAMA members, supporters and sponsors, for making this day possible. Through your unwavering support, the 48th Annual Scientific Convention has made KAMA history as its first event in Chicago. Our powerhouse agenda featuring brilliant and accomplished clinicians, physician scientists, academicians, entrepreneurs, and health policy leaders of and supportive of Korean and Asian heritage is only one of the many distinguishing factors that set our convention apart from other national specialty organizations.

Over the next couple of days, I hope you will experience and engage the community that KAMA has worked so hard to build over the past nearly half century. It is our shared identity, stories and the network of support that I hope will continue to inspire you to remain a part of KAMA. Together I am confident we can expand the vision of our founders, bridging connections and supporting members across the country to build a stronger community and pipeline for future generations.

On behalf of our esteemed Executive Committee, I thank you for choosing to spend the next few days with us here in Chicago. I look forward to working with you for years to come.

With gratitude,

Jennifer I. Lee, MD
President
Korean American Medical Association 2023

KAMA[®]2023

KAMA Chairman of the Board Message

CHESTER J. KOH, MD, MBA, FACS, FAAP

Chairman of the Board of Directors, KAMA

Professor of Urology, Pediatrics, and OB/GYN

Texas Children's Hospital and Baylor College of Medicine

Dear KAMA Members, Colleagues, and Friends,

Welcome to the 48th Annual KAMA Scientific Convention in Chicago! It is an honor to serve KAMA and its members as the Board Chair. Since its founding 49 years ago, KAMA has provided its members with support, mentorship and a professional home as well as CME programs, community outreach, and networking opportunities.

On behalf of the KAMA board members, I congratulate the 2023 KAMA President, Dr. Jennifer I. "Ara" Lee and the Executive Committee for their tireless work in organizing a stellar scientific meeting that serves as the main gathering of Korean American physicians, colleagues, trainees, and students. The 2023 Annual Meeting continues KAMA's nearly 50-year commitment to the Korean American medical community. The KAMA board during my term as board chair continues to focus its energy and activities to mentorship and guidance to medical students, trainees, and women physicians as well as liaisons with our colleagues in South Korea

We hope that you enjoy the scientific presentations as well as the chance to re-connect with colleagues and friends. Thank you for attending the KAMA convention and for your support of KAMA, and we look forward to a continued bright future for KAMA as we move toward its 50th anniversary in 2024.

Sincerely,

A handwritten signature in black ink, appearing to read "Chester Koh". The signature is fluid and cursive.

Chester J. Koh, MD, MBA, FACS, FAAP

KAMA[®]2023

BRANDON JOHNSON
City of Chicago Mayor

September 23, 2023

Dear Friends:

As Mayor, and on behalf of the City of Chicago, I welcome all those gathered for the Korean American Medical Association's 48th Annual Scientific Convention.

Since its founding in 1974, the Korean Medical Association (KAMA) has worked to unite physicians of Korean heritage through continuing education, mentoring, networking, and more. In addition, the KAMA publishes a newsletter and membership journal that allows members and chapters to stay connected and continue to uphold KAMA's mission.

This year's convention will bring together Korean American physicians, students, and industry professionals to network, inspire, and learn. With a full schedule of speakers, sessions, exhibits, and networking events, attendees will gain the tools and resources needed to continue to move the medical industry forward. I commend the Korean Medical Association for their ongoing efforts.

I hope you have an enjoyable event. Best wishes for continued success.

Sincerely,

A handwritten signature in blue ink, appearing to read "Brandon Johnson". Below the signature, the word "Mayor" is printed in a small, black, sans-serif font.

PILSOO LEE

President of the Korean Medical Association

Dear Respected Members of KAMA,

On behalf of the 140,000 medical doctors of the Republic of Korea, I would like to express my sincerest congratulations on the hosting of the 48th annual academic conference of KAMA.

I would like to state my deepest respect and appreciation to President Jennifer I. Lee of the KAMA (Korean American Medical Association), as well as everyone else at KAMA who organized and hosted this academic conference. The Korean American Medical Association (KAMA) was established by Korean doctors in the United States back in 1974. It is currently made up of about 18,000 members and has been playing a crucial role in promoting exchange between the medical industries of Korea and the USA by representing the AMA Specialty and Service Society (SSS).

Moreover, by holding regular annual academic conferences, it is providing Korean doctors, trainees, and medical students working actively across the United States the opportunity to exchange various medical knowledge and academic information and closely communicate with other members, as well as the chance to broaden their human networks. In addition, many world-acclaimed speakers will attend the conference, befitting to the history of KAMA, which spans more than five decades, and it will make a wide range of high-quality presentations on the themes of the quality of medicine and medicine changing through innovation. I believe that the KAMA academic conference is a place for searching for new medical paradigms and a venue for cooperation and exchange.

Honorable members of the Korean American Medical Association. Over the past three years, not only the medical sector but all parts of society throughout the world have gone through huge confusion and changes due to COVID-19. During this period, it was possible to verify the gaps in the medical sector of different countries, and I learned by experience that cooperation and exchange among medical professionals around the world are crucial.

I hope that this academic conference will serve as an opportunity to discuss various medical development plans and encourage medical professionals to explore and exchange a broad range of the latest medical information and knowledge so that we can all grow a step further.

Lastly, I would like to congratulate everyone else at KAMA again on hosting the 48th annual academic conference, and I hope for the boundless growth and development of KAMA.

Thank you.

A handwritten signature in black ink that reads "Pilsoo Lee".

Pilsoo Lee, MD

President of the Korean Medical Association

KMWA Congratulatory Letter

HYUN-WOOK BAIK, MD, PHD

President of Korean Medical Women's Association

Dear Friends,

I extend my warmest congratulations on the momentous occasion of the Korean American Medical Association's (KAMA) 48th Annual Scientific Convention. This remarkable event, hosted at the prestigious Raddison Blu Aqua Chicago, is a testament to the unwavering dedication of KAMA to its mission of positively impacting the Korean American medical community.

KAMA's commitment to fostering positive change both nationally and internationally through academics, mentoring, networking, and global health initiatives is truly inspiring.

The 2.5-day program assembled for the convention reflects the tremendous effort, expertise, and commitment invested by KAMA's leadership. It reflects the dynamic essence of KAMA's organization, embodying innovation, collaboration and excellence.

It is noteworthy to mention the theme of "Women in Medicine," which is a pivotal reflection of the changing landscape in health care. It is important to acknowledge the significant contributions of women in shaping the medical field. By recognizing the vital role that women play, KAMA continues to set an example for inclusivity, progress, and diversity in medicine.

May this convention serve as a platform for the exchange of ideas, the cultivation of partnerships, and the advancement of medical science.

Once again, congratulations on this remarkable achievement. I am confident that KAMA will continue to be a beacon of excellence and a driving force for positive change within the Korean American medical community.

Sincerely,

A handwritten signature in black ink that reads "Hyun-Wook Baik".

Hyun-Wook Baik, MD, Ph.D

President of Korean Medical Women's Association

KAMA[®]2023

Who We Are

In 1974, KAMA was founded by physicians of Korean heritage in the U.S. KAMA has grown to nearly 18,000 members with representation in the AMA Specialty and Service Society (SSS). KAMA's legacy and future direction continue to reflect the success of Korean American physicians who have achieved academic and scientific prominence in medicine.

What We Do

KAMA members are committed to providing mentorship and guidance to medical students through the Korean American Medical Student Association (KAMSA) and residents and fellows (KAMRAF). Our public service ranges from community outreach health fairs, education seminars, and global health outreach programs. KAMA also maintains strong collaboration with medical societies in South Korea such as the Korean Medical Association (KMA).

Key Sessions

- Applying Artificial Intelligence to Medicine
- Translating Quality Metrics into Practice
- KAMA Women in Medicine Panel
- Leadership in Medicine Panel
- Waun Ki Hong Memorial Lecture
- Research Abstract Competition, KAMSA/KAMRAF

Friday, September 22

7:00 am – 8:00 am	Breakfast <i>Pacific Ballroom Foyer</i>
7:00 am – 5:30 pm	Registration and Information <i>Pacific Ballroom Foyer</i>
8:00 am – 8:05 am	Welcome Remarks/President's Address <i>Jennifer I. Lee, MD, President, KAMA 2023</i>
SESSION 1: APPLYING ARTIFICIAL INTELLIGENCE TO MEDICINE	
<i>Moderator: Anthony J. Choi, MD</i>	
8:05 am – 9:35 am	GPT and Healthcare: A Journey Beyond Hallucinations Towards Reliable Medical Solutions <i>Joongheum Park, MD</i>
	Future is Here: The Use of AI in Medical Oncology <i>Young Kwang Chae, MD, MPH, MBA</i>
	Artificial Intelligence to Enhance the Health of Older Adults <i>Esther Oh, MD, PhD</i>
	AI in Medical Imaging: Frontiers and Fallacies <i>Stella K. Kang, MD</i>
FEATURED SESSION	
9:35 am – 10:15 am	<i>Introduction and Moderator: Jennifer I. Lee MD</i> Digital Healthcare and Health Equity <i>Hee Hwang, MD</i>
10:15 am – 10:30 am	COFFEE BREAKS WITH EXHIBITORS <i>Pacific Ballroom Foyer</i>
SESSION 2: INNOVATIONS IN MEDICAL EDUCATION, PRACTICE AND DELIVERY	
<i>Moderator: Cecilia J. Yoon, MD</i>	
10:30 am – 11:20 am	Improving Diagnosis with Team Science: The Next Frontier for Patient Safety <i>Justin J. Choi, MD</i>
	Personalized Prevention of Cancer: Asian Perspectives <i>Daehee Kang, MD, PhD</i>
FEATURED SESSION	
11:20 am – 12:00 pm	<i>Introduction and Moderator: Yoon S. Chun, MD</i> What Every Korean American Physician Should Know About Korean American Mental Health <i>Hochang Benjamin Lee, MD</i>
12:00 pm – 1:00 pm	INDUSTRY SPONSORED PRODUCT THEATER - LUNCH <i>Baltic/Bering</i>
FEATURED SESSION	
1:00 pm – 1:40 pm	<i>Introduction and Moderator: Sunguk N. Jang, MD</i> How to Prepare for the Future of Healthcare: Ask Why, What and hoW <i>Youngjin Yoo, PhD</i>
SESSION 3: WELLNESS BEYOND MEDICAL PRACTICE	
<i>Moderator: Jennifer I. Lee, MD</i>	
1:40 pm – 2:30 pm	Wellness Beyond Medicine: Empowering Fertility and Healing for Korean American Physicians <i>Julie Rhee, MD</i>
	The Six W's of Wellbeing - Why, Who, What, Where, When, and HoW <i>Robert J. Kim, MD, FACC</i>
FEATURED SESSION	
WAUN KI HONG MEMORIAL LECTURE	
2:30 pm – 3:20 pm	<i>Dedication: John H. Won, MD</i> <i>Introduction and Moderator: Jennifer I. Lee, MD</i> Interface of Academic Medicine and Innovation <i>Augustine M.K. Choi, MD</i>
3:20 pm – 3:35 pm	COFFEE BREAKS WITH EXHIBITORS <i>Pacific Ballroom Foyer</i>
FEATURED SESSION	
KAMA WOMEN IN MEDICINE	
3:35 pm – 4:15 pm	<i>Introduction and Moderator: Michelle K. Kim, MD, PhD</i> Gender Equity in Academic Medicine - Lessons and Challenges <i>Mary E. Choi, MD</i>
SESSION 4: WOMEN IN MEDICINE PANEL	
<i>Moderator: Helen H. Han, MD</i>	
4:15 pm – 5:15 pm	Panelists: <i>Jennifer N. Choi, MD, Miriam Chung, MD, Stella K. Kang, MD, Larisse Lee, MD, RVT, RPVI, Ja Hyun Shin, MD</i>
5:15 pm – 5:20 pm	Closing Remarks <i>Jennifer I. Lee, MD, President, KAMA 2023</i>
5:30 pm – 6:30 pm	Women in Medicine Cocktail Reception (open invitation) <i>Pacific Ballroom 3</i>

Saturday, September 23

6:30 am – 5:00 pm	Registration and Information <i>Pacific Ballroom Foyer</i>
7:00 am – 8:00 am	Breakfast <i>Pacific Ballroom Foyer</i>

Keynote Speaker

JESSE M. EHRENFELD, MD, MPH

2023 President of American Medical Association

1:00 pm – 1:45 pm

KEYNOTE ADDRESS: PHYSICIAN LEADERSHIP AND THE NEW ERA OF DIGITAL HEALTH

Introduction and Moderator: Jennifer I. Lee, MD

Jesse M. Ehrenfeld, MD, MPH, was inaugurated as president of the American Medical Association in June 2023. He is a senior associate dean, tenured professor of anesthesiology and director of the “Advancing a Healthier Wisconsin Endowment” at the Medical College of Wisconsin. He was elected to the American Medical Association Board of Trustees in 2014. Dr. Ehrenfeld divides his time among clinical practice, teaching, research and directing a \$560-million statewide health philanthropy. He also has an appointment as an adjunct professor of anesthesiology and health policy at Vanderbilt University in Nashville, Tenn., and as an adjunct professor of surgery at the Uniformed Services University of the Health Sciences in Bethesda, Md. Dr. Ehrenfeld is a consultant to the World Health Organization Digital Health Technical Advisory Group and previously served as co-chair of the Navy Surgeon General’s Taskforce on Personalized and Digital Medicine and as a special advisor to the 20th U.S. Surgeon General.

Dr. Ehrenfeld’s research, which focuses on understanding how information technology can improve surgical safety and patient outcomes, has been funded by the National Institutes of Health (NIH), the Department of Defense, the Robert Wood Johnson Foundation, the Anesthesia Patient Safety Foundation, and the Foundation for Anesthesia Education and Research. He currently serves on the National Academy of Medicine’s Health Policy Fellowships and Leadership Programs Advisory Committee.

His work has led to the publication of more than 275 peer-reviewed manuscripts. He is editor-in-chief of the Journal of Medical Systems and has co-authored 22 clinical textbooks that have been translated into multiple languages. Dr. Ehrenfeld has received numerous awards for his research and is a recipient of several prestigious teaching awards.

Upon his inauguration, Dr. Ehrenfeld made AMA history as the first openly gay president of the organization. For the past two decades, he has been a nationally recognized advocate for lesbian, gay, bisexual, transgender and queer (LGBTQ+) individuals. In 2018, in recognition of his outstanding research contributions, he received the inaugural Sexual and Gender Minority Research Investigator Award from the director of the NIH.

Born in Wilmington, Del., Dr. Ehrenfeld is a graduate of Phillips Academy, Haverford College, the University of Chicago Pritzker School of Medicine and the Harvard School of Public Health. He completed an internship in internal medicine, a residency in anesthesiology and a research informatics fellowship at the Massachusetts General Hospital. Board-certified in both anesthesiology and clinical informatics, Dr. Ehrenfeld is a fellow of the American Society of Anesthesiologists and the American Medical Informatics Association

A combat veteran who deployed to Afghanistan during both Operation Enduring Freedom and Resolute Support Mission, Dr. Ehrenfeld, for his work in capturing and supporting the lives of LGBTQ+ people, was recognized in 2015 with a White House News Photographers Association award and, in 2016, with an Emmy nomination. Dr. Ehrenfeld and his husband, Judd Taback, have two children.

HOWARD K. KOH, MD, MPH

*Harvey V. Fineberg Professor of the Practice of Public Health Leadership
Harvard T.H. Chan School of Public Health and the Harvard Kennedy School
14th Assistant Secretary for Health, U.S. Department of Health and Human Services*

9:15 am – 9:55 am

PLENARY SESSION: PUBLIC HEALTH AND LEADERSHIP: KOREAN AMERICAN PERSPECTIVES

Introduction: John H. Won, MD Moderator: Jennifer I. Lee, MD

Dr. Howard K. Koh is the Harvey V. Fineberg Professor of the Practice of Public Health Leadership at the Harvard T.H. Chan School of Public Health and the Harvard Kennedy School. He previously served as the 14th Assistant Secretary for Health for the U.S. Department of Health and Human Services (2009-2014) after being nominated by President Barack Obama, and as Commissioner of Public Health for the Commonwealth of Massachusetts (1997-2003) after being appointed by Governor William Weld. A graduate of Yale College and the Yale University School of Medicine, he trained at Boston City Hospital and Massachusetts General Hospital, earned board certifications in four medical fields, has been Principal Investigator of research grants totaling \$25M, published more than 300 articles in the medical and public health literature and has received over 70 awards, including six honorary doctorate degrees.
