## JOIN KAMA : MESSAGE FROM KAMA PRESIDENT

**Dear esteemed fellow Korean American Physicians,**

Since its founding in 1974, the Korean American Medical Association (KAMA) has proudly served its physician members in many meaningful ways. What began as small gatherings of Korean heritage physicians in friendship by sharing experiences of their works in US has grown into a purposeful organization—one committed to advancing the U.S. healthcare community through service, leadership and mentoring future generations through knowledge-sharing, connection, and support.

Thanks to the dedication and hard work of past and present KAMA members, our organization has matured and evolved with a renewed sense of purpose, vision, and strategy.

In recent years, we have successfully navigated unprecedented challenges—strengthening our collegiality and educational mission during the pandemic, promoting inclusivity, equity, and accountability in healthcare, and reconnecting with our cultural heritage by renewing our friendship with Korean medical communities. These achievements reflect the remarkable talent and resilience of our members and leadership. None of this would have been possible without your continued support.

Today, we stand at another pivotal moment. It is time to grow once more—to amplify our voice in patient advocacy and to serve as a source of strength and encouragement for fellow healthcare providers. And that journey begins with you. When you join KAMA, you make us that much stronger.

KAMA is in an exciting phase of expansion, and I warmly invite you to join us. Our leadership is actively working to enhance the tangible benefits of membership, and we encourage you to explore our website to learn more about who we are, what we do, and how you can get involved. I am confident you will find a meaningful and fulfilling community within KAMA.

It is my sincere hope that KAMA will be a place of rest, inspiration, and generosity—a space where you can share your talents and passion with others who understand and value your journey.

Sincerely,

Sung uk Jang  
President, KAMA
